

Sponsorship Brochure 2026

Benefiting Bridge of Life

Move It With Purpose!

LET'S MOVE TOGETHER TO STRENGTHEN GLOBAL HEALTH CARE

DaVita is a community first and a company second. We put people at the center of everything we do – thousands of teammates coming together each day to care for our patients, each other and our world. Move It With Purpose engages your employees to support global healthcare, build local community and well-being by moving together throughout September.

Move It With Purpose is both a celebration of that mission and fuels Bridge of Life's future. Through this signature initiative, sponsors join **DaVita and its teammates** in moving together – walking, running, cycling, and more – to honor 20 years of impact while investing in the next chapter of global health transformation.

- 1. Create a Corporate Team – Move for Miles**

Join thousands of DaVita teammates by forming a corporate team and participating in Move for Miles through a sponsorship. Rally your employees around movement, teamwork and impact. We are here to support with engaging communications!

- 2. Participate in the September Virtual Challenge**

Engage employees throughout September with the Move It With Purpose virtual event using WellBeing+ or your organization's preferred wellness platform.

- 3. Fundraise for Bridge of Life's Next 20 Years**

Inspire employees to move and fundraise throughout September. Participants earn incentives and recognition from Bridge of Life by reaching movement and fundraising milestones.

- 4. Celebrate 20 Years of Impact**

Showcase your partnership with Bridge of Life with optional employee and customer communications pieces.

Attend the **Bridge of Life 20th Anniversary Celebration** alongside DaVita leaders and partners (available at select sponsorship levels).

For sponsorship information, contact:

Dawn Moen at Bridge of Life | (320) 247-2646 | dawn.moen@bolteam.org

Since Bridge of Life's first mission to set up a dialysis clinic in Cameroon, it's been volunteers and donors who have made it possible to help strengthen health care for nearly 150,000 individuals. Everyone deserves the chance to live a healthy and fulfilling life. Your support of Bridge of Life through Move It With Purpose gives thousands of adults and children that opportunity.

A LETTER FROM DAWN:

Let's celebrate 20 Years of Impact!

For 20 years, Bridge of Life has been driven by one belief — everyone deserves the opportunity to live a healthy, fulfilling life regardless of their zip code or geography. Over the past two decades, that belief has powered Bridge of Life's programs that strengthen healthcare systems around the world: screening for, treating and preventing chronic kidney diseases and bringing life-saving care to communities that need it most.

By joining Move It With Purpose, you're not only supporting a cause with two decades of proven impact, you are creating a fun, engaging experience for your employees, strengthening your brand, and helping build a healthier world for the next 20 years and beyond. Our sponsors play a vital role in this milestone year.

Let's move together and celebrate what's possible!

Dawn Moen
Executive Director
Bridge of Life

Strengthening Global Healthcare

OUR VISION IS A WORLD WHERE ALL HUMAN BEINGS HAVE ACCESS TO QUALITY HEALTHCARE.

Bridge of Life stands at the forefront of global kidney health, implementing programs that both prevent kidney failure and deliver vital treatment in underserved regions. With your support of Move It With Purpose, we will be able to extend our reach and support more communities through screening & health trainings. **A few of these goals include:**

- Empower at-risk individuals to stay healthy by enrolling 460 high-risk community members in health education programs designed to reduce their chronic kidney disease risk
- Improve long-term outcomes for 65 dialysis patients by providing AV fistulas, offering a more sustainable and effective treatment option
- Expand treatment options by building two peritoneal dialysis rooms, bringing more flexible, home-based care solutions to children in need
- Detect disease early and prevent progression by screening over 4,000 individuals for chronic kidney disease and related conditions in vulnerable communities

“Our goal is to give kids healthcare with dignity. Since the beginning, Bridge of Life has been our strongest partner. Most of the things we accomplished could not have been accomplished without the support of Bridge of Life. From equipment to staff training to other continuous support, Bridge of Life has been incredible and instrumental for our organization.” - Dr. Randal Lou, Founder & Former Lead Nephrologist at Fundanier, current Coordinator of Renal Health, MOH
